Regulatory Analysis and Notices

Administrative Procedure Act

The Department is publishing this rule as an interim rule, with a 60-day provision for post-promulgation public comments, based on the "good cause" exceptions set forth at 5 U.S.C. 553(b)(3)(B) and 553(d)(3). The rule makes no substantive changes in visa operations. It merely rectifies any confusion deriving from the earlier amendment noting that a different statute conferred the designation of "international organization" in this instance.

Regulatory Flexibility Act

Pursuant to section 605 of the Regulatory Flexibility Act, the Department has assessed the potential impact of this rule, and the Assistant Secretary for Consular Affairs hereby certifies that is not expected to have a significant economic impact on a substantial number of small entities and will benefit those that engage temporary agricultural workers.

Unfunded Mandates Reform Act of 1995

This rule will not result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million in any year and it will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

Small Business Regulatory Enforcement Fairness Act of 1996

This rule is not a major rule as defined by section 804 of the Small Business Regulatory Enforcement Act of 1996. This rule will not result in an annual effect on the economy of \$100 million or more; a major increase in costs or prices; or significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based companies to compete with foreign-based companies in domestic and export markets.

Executive Order 12866

The Department of State does not consider this rule to be a "significant regulatory action" under Executive Order 12866, section 3(f), Regulatory Planning and Review. In addition, the Department is exempt from Executive

Order 12866 except to the extent that it is promulgating regulations in conjunction with a domestic agency that are significant regulatory actions. The Department has nevertheless reviewed the regulation to ensure its consistency with the regulatory philosophy and principles set forth in that Executive Order.

Executive Order 131332

This regulation will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with section 6 of Executive Order 13132, it is determined that this rule does not have sufficient federalism implications to require consultations or warrant the preparation of a federalism summary impact statement.

Paperwork Reduction Act

This rule does not impose any new reporting or record-keeping requirements subject to the Paperwork Reduction Act, 44 U.S.C. Chapter 35.

(2) Aliens who had had G-4 status as officers and employees of INTELSTAT but became officers or employees of a successor or separated entity of INTELSTAT after at least six months of such employment, but prior to and in anticipation of privatization and subsequent to March 17, 2000, will also continue to be classifiable under INA 101(a)(15)(G)(iv) for so long as that employment continues.
